Pressed leather, Green

Care

We find beauty in the marks of unique character, subtle variations of grain, figure, and texture inherent in materials that deepen through use and patinate over time.

Sealed wood: Wipe regularly with a dry cotton cloth. Clean as required with a wood-specific mild detergent.

Leather: Requires special care as it is extremely easily stained with wet substances. It must be regularly wiped down with a dry cotton cloth.

Other pressed leather colors available upon request with a minimum order quantity of 8. Slung leather available only in natural leather color.
