

Standing Straight Lamp

floor version

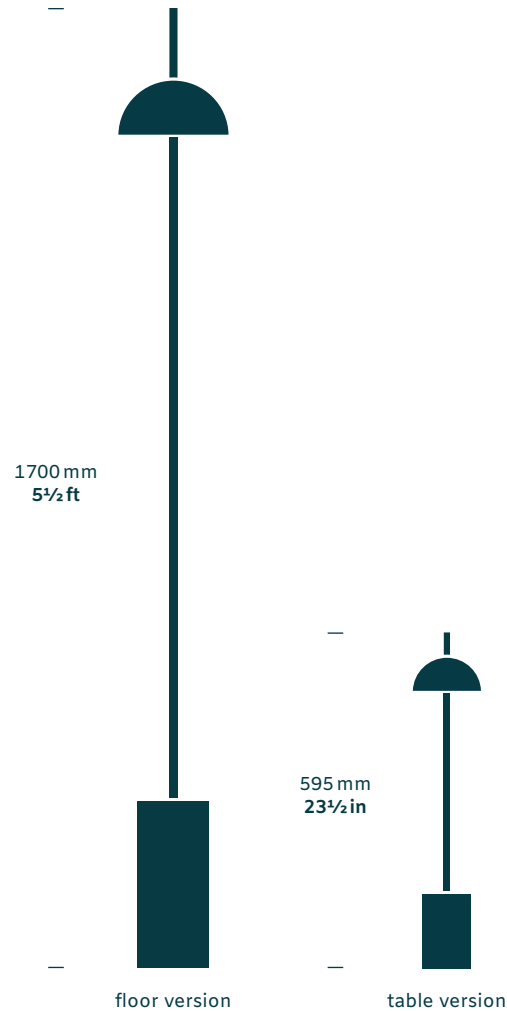

detail: floor version, top part

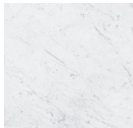

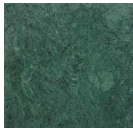

table version

Weighted by a simple cylinder at the base, a single brass rod supports an offset hemisphere that is pigmented on the inside, housing a single bulb. Offered in both floor-standing and tabletop proportions, the lamp is defined by its erect posture and basic linear geometry.

Body Finish	Base Finish	White Marble Natural	Pink Marble Natural	Black Marble Natural	Green Marble Natural
Brass Aged					
					

Care

We find beauty in the marks of unique character, subtle variations of grain, figure, and texture inherent in materials that deepen through use and patinate over time.

Brass: The brass can be polished when desired with any brass cleaning agent to recover its original shiny gold look. However, we recommend it be left to age naturally.

Stone: Being slightly porous, it requires simple wiping with a clean cloth.

Assembly Instructions

Floor Lamp: To be assembled as per provided drawing.
Table Lamp: No assembly required.

Electrical Specifications

Floor Lamp

Halogen bulb: G9 50W 240V, milky coat
Dimmer: Anchor pentamini dimmer 450W
