rosewood

aged brass

dark brass

Resting on one point of the sphere's surface, this round table lamp relies on its carefully calibrated center of gravity to delicately balance and find rest. A gentle nudge sets it in slow motion to roll, sway, and eventually return to its original position.

## Care

We find beauty in the marks of unique character, subtle variations of grain, figure, and texture inherent in materials that deepen through use and patinate over time.

**Brass:** The brass can be polished when desired with any brass cleaning agent to recover its original shiny gold look. However, we recommend it be left to age naturally.

**Sealed wood:** Wipe regularly with a dry cotton cloth. Clean as required with a wood-specific mild detergent.
